ABOUT

Nophobia are a high-energy four-piece hard rock band from **Gloucestershire, UK**, fusing powerful riffs, thunderous basslines and raw old-school vocals.

Formed in **2020**, debut single "**Desensitise**" became the official theme song for **EVM Wrestling** and was named **Track of the Month** by Banks Radio Australia. Currently recording their **new album**, with live dates building from **June 2026**.

Sounds like: The genre-blending energy of The Offspring, the heavy djent grooves of Nothing More and the anthemic vocal power of Shinedown.
